En ny dag truer

Beskrivelse

Den arrogante vejrmænd, Phil, bliver tvunget til at gennemleve den værste dag i sit liv om og om igen. Langsomt lærer den selvoptagede meteorolog noget om det at være menneske.

Pædagogisk note

En moderne klassiker om vejen til ægte kærlighed, og til at blive et hæderligt menneske. Filmen er et referencepunkt i en række af "tidsrejsefilm" hvor det samme handlingsforløb gennemspilles flere gange, med nye erkendelser i hver gentagelse. Dertil skal lægges en særdeles høj underholdningsværdi. Kortfilmen Time Freak på Filmcentralen kan supplere, og kapitelmærkningen til Groundhog Day faciliterer nedslag på den enkelte dage i forløbet. Filmens officielle trailer kan ses nederst på siden.
