## Bot Camp

### For Educators

**1 hour of activities** to train you in Ozobot's 2 Ways to Code!

## Color Codes

Made with markers and paper, Color Codes teach basic coding concepts like cause/effect and debugging

*"Ozobot's Color Codes offer our students a visual  
and unfettered way to understand coding and programming.*

*They also offer a fun entry into robotics."*

Lesa Wang

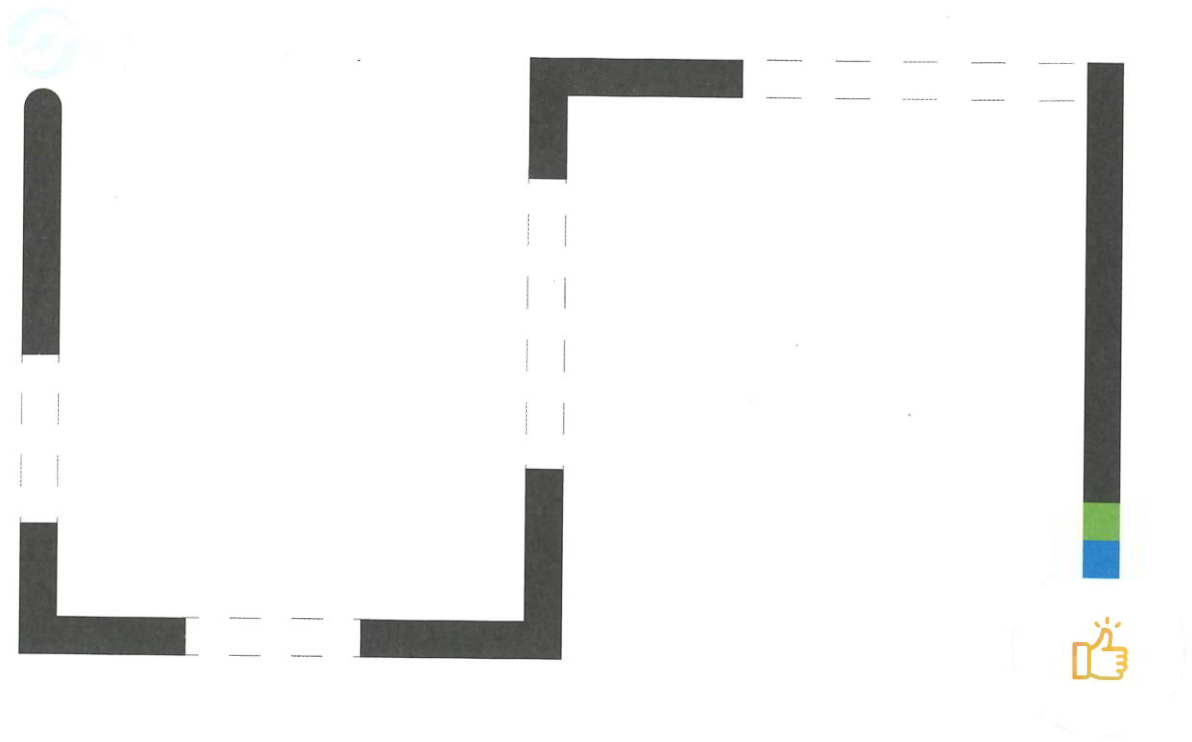

STEAM Teacher, Marymount School of New York
